## Grizzly 90

### Team Yamaha Blue

\$2,999 MSRP\* \$310 Destination Charge\*

## TOP FEATURES

### 1. Confidence-Inspiring 90cc Engine

The Grizzly® 90 is built to bring maximum fun to the youth ATV riders 10 and up, with a low-maintenance 90cc engine tuned to develop excellent low-to-mid range performance. It also features a fully automatic CVT transmission with reverse, a gated shifter, and electric start with back-up kickstart - all standard.

### 2. Reduced Maintenance Design

Durable, proven components keep servicing simple and affordable, thanks to features like the tool-less quick-access air filter element.

### 3. Scaled Down, Not Scaled Back

The Grizzly 90 takes cues from the top-performing Grizzly 700 but is designed specifically for younger riders just getting into the sport. The result is accessible, confidence-inspiring performance with Grizzly family style.

### 4. Comfortable Chassis

The ergonomics are designed to fit a wide range of riders 10 and up, while the Grizzly 90's tire and suspension package is designed to find traction and provide a comfortable ride in a wide variety of terrain.

## FEATURES & BENEFITS

### CAPABILITY

#### Robust 90cc Engine

The Grizzly 90's four-stroke SOHC 90cc engine is tuned to develop excellent low-to-mid-range performance. The engine is air cooled for simplicity, performance and long service life and utilizes proven wet-sump lubrication.

#### Adventure-Ready Chassis

Compact A-arm front suspension is tuned for light steering and comfortable ride quality, offering 5.0 inches of travel. A swingarm set-up in the rear brings with it 5.7 inches of wheel travel, adding to the Grizzly 90's full-size look and feel.

#### Secure Stopping Power

For reliable stopping power, three sealed drum brakes bring the Grizzly 90 to a quick halt. There's a handlebar-mounted parking brake, too.

#### Integrated Cargo Racks

Robust steal cargo racks front and rear give younger riders the ability to pack their own gear as they join the family on their next adventure.

#### Renowned Grizzly Traction

Just like its off-road proven big brother, the Grizzly 90 mounts aggressive tires inspired by the Grizzly 700 to maximize traction on any trail. The oversized 19-inch front tires give the compact machine an aggressive sense of style, too, complementing the 18-inch rear tires.

### COMFORT

#### Comfortable Accommodations

The Grizzly 90 is designed to be comfortable for a wide variety of riders 10 and up. With its large and plush seat matched to wide floorboards, riders won't outgrow the machine as they build their off-road riding skills.

#### Big Mud-Deflecting Fenders

The Grizzly 90 boasts full-coverage fenders just like its Grizzly siblings, enhancing style and protecting the rider from mud and trail debris.

## CONFIDENCE

### Automatic Transmission

Fully automatic, continuously variable transmission (CVT) means no shifting. Handy for all riders, it's a feature entry-level riders 10 and up particularly appreciate. And standard reverse simplifies maneuvering the Grizzly 90 in tight spots.

### Engine Limiter

To help young beginners grow into accomplished ATV riders, the Grizzly 90 includes an electronic limiter as well as a throttle limiter to restrict the engine's performance and adapt to the rider's advancing skill levels.

### Electric Starter

Push-button electric starting comes standard, and an emergency kick starter is also provided in a storage spot under the seat for additional peace of mind.

### Compact and Durable Drivetrain

Engine power is transferred to the rear wheels via a tried-and-true O-ring chain drive, running along a swingarm that's set at an optimized angle for superior rear shock performance.

### Modern, Reliable Electronics

The CDI system means reliable ignition performance and a sealed maintenance free battery helps to provide worry-free performance while handlebar-mounted reserve and neutral indicators keep the rider informed in all situations

### Low Maintenance Design

Servicing is easy thanks to features like the tool-less quick-access air filter element.
