TW200

TOP FEATURES

1. Terrain-Conquering Tires

Big fat tires deliver great traction and rider comfort over a wide range of terrain, and they make the TW200 the most distinctive-looking, dual-purpose machine around.

2. Low Seat Height

A low seat and compact chassis help inspire confidence in anyone who rides the TW200, making it one of the most user friendly on- and off-road bikes on the market.

3. Electric Start

The electric start and full-street equipment make the TW200 super convenient to ride just about anywhere you need to go.

FEATURES & BENEFITS

ENGINE

Torquey Powerplant

Strong-pulling 196cc air-cooled, four-stroke single delivers torquey low-and mid-range power that's perfectly suited for off-road exploring.

5-Speed Transmission

Smooth-shifting five-speed transmission with manual clutch puts potent powerband to the ground for maximum on- and off-road performance.

Smooth, Counterbalanced Engine

Internal engine counterbalancer keeps vibrations down for greater all-day comfort.

Digital Ignition

Maintenance-free CDI ignition system ensures precise, reliable spark for peak engine performance at all rpm.

Electric Start

The push-button electric start makes for easy and reliable starting.

Low Maintenance Engine

Automatic cam chain tensioner means minimal maintenance and longer engine life.

CHASSIS/SUSPENSION

Plush, Long-Travel Suspension

33mm telescopic front fork with 6.3 inches of travel soaks up the bumps for a plush ride.

Terrain-Conquering Tires

Fat 130/80-18 front and 180/80-14 rear tires provide excellent traction and control for the TW200's unique dual-purpose style.

Lightweight Swingarm

Lightweight box section swingarm and single rear shock with 5.9 inches of travel enhance handling and overall comfort both on- and off-road.

Disc Brake

Hydraulic front disc brake ensures greater stopping power with less effort.

ADDITIONAL FEATURES

Comfortable Saddle

Long, two-tone, motocross-style seat creates a balanced riding position for optimal rider movement and comfort.

Protective Fenders

The durable and wide front fender keeps mud and dirt off the rider off-road.

Passenger-Ready

Frame-mounted passenger foot pegs provide two-up riding capability.

Bright Illumination

Enduro-style, 60/55-watt halogen headlight features high and low beams.

Dual Sport Lighting

Flex-mounted turn indicators offer greater durability against breakage.

Fork Protection

Durable fork shrouds help prevent rocks and debris from damaging fork sliders.

Complete Instruments

A speedometer with odometer and resettable trip meter as well as indicator lights for neutral and high beams plus turn signals come standard.

Modern Battery

Dependable, low-maintenance battery.
